OTHER COMMENTS*****

=====

On October 25, 2016, staff of the State Engineer's office reviewed this water right and modified the water rights database to show the Type of Right is Adjudication Decree consistent with the interlocutory decree issued in Civil No. 650306049 (15-2) (Grantsville Division) issued March 5, 2001, wherein in Section VII, EFFECTIVE DATE, it is stated that the rights contained in the Proposed Determination are confirmed as they were as of the date the Water User's Claims were signed, which neither affirms nor denies subsequent changes made to the rights through administrative processes, such as a segregation into a new water right file; therefore, the act of segregation of a portion of 15-402 into 15-3968 and subsequently into 15-4527 should not deny the applicability of the interlocutory decree to 15-4527, because of said Section VII.
